**DON'T
PULL THE
TRIGGER**

**HELP
IS
HERE**

Note: Persons who died by suicide may have had multiple circumstances. Data on mental health conditions and other factors are from coroner/medical examiner and law enforcement reports. It is possible that mental health conditions or other circumstances could have been present and not diagnosed, known, or reported.

SOURCE: CDC's *National Violent Death Reporting System*, data from 27 states participating in 2015.
